# Connect Pro

3 in 1 retractable Ethernet, telephone and USB cable

The new "Connect Pro" from DICOTA is a multi-functional Ethernet, phone and USB cable. Connect Pro features three alternative connection options on both sides, LAN/ ISDN (RJ45), modem (RJ11) und USB (USB A and Mini B). The USB cable allows Notebooks or PCs to be connected to most USB peripherals, for example digital cameras, MP3 players or PDAs, provided that they have a compatible Mini-USB connection. The USB/Mini 5P connector folds away with a simple click and the LAN/ ISDN (RJ45) connector is ready to plug into networks and ISDN devices. The RJ11 connector can be used with analogue modems and telephone sockets simply by pushing back the adaptor cover.
The connectors can be used with the following combinations: RJ11 with RJ11, RJ45 with RJ45, USB with Mini-USB.

Connect Pro has a 1.5 metre intelligent retractable cable, which makes it easy to stow away. Connect Pro offers a user-friendly solution for simple connectivity.

The combination of fast Ethernet/ ISDN (RJ45), telephone (RJ11) and USB 2.0 into one cable
Data transfer up to 100BASE-T for LAN and 480 Mbit/s for USB 2.0
Right connections: RJ11 with RJ11, RJ45 with RJ45, USB with Mini-USB
Retractable cable with 1.5 m length

Art. Nr.: Z22238Z (black)
